

Portfolio- project
management

8 years of
experience

**Tanks isolation supply and
installation**

2019

**Bathroom caravans
Manufacturing and supply**

2020

**Manufacturing of
administrations caravans**

2020

**Insulating epoxy paint for
underground valves inside the
port**

2021

**Repairing oil unloading
pipelines inside Adebia Port**

2020

**Dismantling and installing a
complete oil line inside Adebia
Port**

2020

**Supply and installation of
electrical finishes**

2019

**Stainless Packing boxes
manufacturing and supply**

2021

Making marble stairs

2019

**Constructing a complete building
and making a cafeteria,
bathrooms and landscape from A
to Z**

**Handrail manufacturing,
installation and painting**

2019

**Supply and installation of
sandwich panels and icon sheets
for ceiling and sides of filling
areas**

2020

**Concrete casting operations
inside and outside the factory**

2019

**Stablishing administrative rooms
in refinery factories**

2020

**Supply and manufacturing of
alumetal works**

2021

**Supply and casting reinforced
concrete floors inside the factory**

2020

**Complete maintenance, supply
and installation of everything
necessary for the factory
bathrooms**

2019

**Supply and installation of
suspended ceiling**

2021

KNAUF

Portfolio- project
management

8 years of
experience

Supply and installation of high
pressure water lines,
replacement of flanges and
replacement of valves

2020

Supply and installation of sharp
air conditioners in engineers'
rooms

2020

Maintenance, supply and
installation of water tank

2020

Connecting electricity to
mechanics workshop

2020

Connecting electricity to
administrative building

2020

Supply and installation of factory
external sanitation

2021

Isolating electrical rooms

2021

Various finishing processes inside
the factory

2020

Establishing rooms and offices
inside the factory

2020

Making warning paints for the
entire factory

2019

Various civil works in the
mechanical workshop and
administrative offices

2019

Ceramic supply and installation

2020

Marble supply and installation

2020

Portfolio- project
management
8 years of
experience

Drilling and installation of
electricity cables

2021

Manufacturing and installation
of caravans

2021

Constructing, replacing, supply,
installation and comprehensive
renovation of factory's lab

2021

Maintenance of all bathrooms in
all administrative building
(breaking, supply, installation
and finishing)

2021

Supply and installation of
sandwich panel and air
conditioning units inside the
factory refrigerator

2021

Manufacturing of a wall and
epoxy painting of factory
refrigerator

2021

Wood pallet maintenance in the
factory

2021

Supply, installation and
maintenance of plumbing in the
administrative building

2021

Supply and installation of floor
carpets

2021

Drilling electricity cables

2021

Epoxy paintings

2021

Supply and installation wooden
doors

2021

Concrete casting and grouting
works for the compressor room

2021

Portfolio- project
management

8 years of
experience

Maintenance and calibration of
14 inch valves

2020

Supply and installation of air and
water pipelines

2019

Caring out electrical works for
the tank room

2017

Manufacture of spare parts
needed for the packing room

2017

Maintenance and calibration of
10 inch valves

2020

Renovation of all factory
bathrooms

2019

Supply and installation of acrylic
windows in mechanical
workshop

2019

Installing 10 inch valves in oil
tanks

2018

Supply and installation of
sterilization booth

2017

Supply and installation of
reinforced concrete barriers
inside the stores

2020

Supply and installation of
thermal isolation for Toshiba
turbine

2020

Carrying out electrical works for
the cooling building

2017

Building and finishing a
separating wall between packing
and stores

2020

Plumbing and sanitation works

2019

Floor rehabilitation work inside
the stores

2020

Building a 150 m wall

2019

Portfolio- project
management

8 years of
experience

Supply and installation of 34
hydraulic lines in the rolling
factory 3

2018

Conveyor belts welding

2020

Epoxy painting inside rolling
factory 3

2019

External thermal paint for the
melting furnace

2018

Painting entire production lines

2020

Manufacturing of handrail and
iron walkways

2019

Grout floors renovation

2019

Manufacturing, supply and
installation aluminum doors and
windows

2020

Numbering and writing the code
number for all pipes of the
rolling factory 3

2020

Maintenance and renovation of
the entire rolling factory 3 to be
ready for the president visit

Manufacturing, supply and
installation of 24 inch
longitudinal welded iron pipes

2018

Portfolio- project
management

8 years of
experience

Manufacturing, supply and
installation of 12m scaffolding

2020

Manufacturing, installing and
painting iron stairs inside the
factory

2019

Supply and installation of life line
in rolling factory 3

2020

Platform supply and installation

2020

Chemical paintings works

2019

Maintenance of the factory
moving doors

2020

Supply and installation 25
emergency showers for
industrial safety needs

2019

Implementing of electrical works
for the factory

2020

Supply and installation of PVC
pipes inside the factory's
electricity building

2020

Supply and installation of acrylic
panels for the factory production
rooms

2020

Supply and installation of icon
sheet panels for the ceiling and
sides of the factory

2018

Portfolio- project
management

8 years of
experience

Manufacturing of stainless steel
gaskets for the furnace

2020

Maintenance of production lines

2018

Supply and install gear motors

2020

Factory mills paintings

2019

Supply and install of securit glass

2021

Portfolio- project
management

8 years of
experience

**Adjusting the sensors locations
on the rolling line**

2019

Rooms panting

2019

**Installation gearbox for ore
transport vehicles**

2019

Isolation between tray and pipes

2020

**Supply and install valves for
water lines**

2019

**Protecting the cardan shaft and
sensors**

2020

**Maintenance of pumps and
bearings**

2019

Adjusting pipeline

2019

**Supply and installation of shutter
plate**

2019

**Casting grout bases for 5
gearboxes, supply and
installation high pressure
hydraulic fittings**

2019

**Design, installation, and removal
of all stainless pipe lines**

2019

**Manufacturing and installation
of the feed line for the
pressurizer at the pressure of
256 bar**

2019

Casting of grout bases

2019

**Adjusting air lines on the rolling
line**

2019

Portfolio- project
management

8 years of
experience

Supply and replacement of
sanitary tools

2017

Supply and installation of pipes

2017

Supply and installation of hopper
including ST.37 iron plate

2017

Supply and casting of a barrier
130*130 cm, 2m height
including bases and shafts size
5*5 cm

2017

Supply and installation of 8 inch
pipes and accessories needed for
fitting table 40

2017

Supply and installation of 8 inch
pipes and accessories needed for
fitting table 10

2017

Motor maintenance

2018

Supply and installation of a
hopper size 60*60, thickness
2mm

2017

Platform supply and installation

2017

Supply and installation of
plumping works

2017

Scaffolding supply and
installation for platform

2017

Motor and gearbox maintenance

2017

Supply and installation of flanges

2017

Maintenance of motor belts,
refrigerator and tank

2017

Supply and installation of 16
inch carbon steel accessories

2017
